Scouts Continue Training

by Floyd Flint, Scoutmaster

Troop 546

The scouts of Appomattox Troop 546 were "in the field" again this week end. They received additional training in the basic camping skills they will need when they spend a week at Scout Camp later this summer. Several new items of camping equipment were put into service this week end. The equipment was purchased with funds provided by the troop sponsor, the Appomattox Lions Club.

The scouts received a pleasant surprise when several parents came out to the camp site and attended the troop campfire on Saturday night.

Also in attendance at the campfire was Mr. Joseph Terry, the troop treasurer, and his wife.

The troop camping director, Neal Goldstein, reports that in recognition of the hard work and excellent progress being made by the boys, a special fun-type camp-out will be held on the week end of June 16-18. The troop will camp at Bear Creek Lake. Work will be held to a minimum and all training and inspections will be suspended for the week end. The scouts will be free to swim, fish, and generally just have a good time.

Any boys in the Appomattox area that would like to get in on the fun and adventure of Boy Scouting are invited to join the Troop. The only requirement is that you must be 11 years old or in the 5th grade. For additional information contact Floyd Flint, Scoutmaster, at 372-7250 or any Boy Scout.

Because of the increase in troop membership and the addition of new equipment, the current troop headquarters is rapidly becoming inadequate. Anyone knowing of a large vacant building which the scouts could use for storage and troop meetings, is urged to contact Mr. Flint as soon as possible.

REQUESTS MAILED

Virginia's planning districts have been tapped for a key role in the implementation of Senate Bill #436, an act of the 1972 General Assembly that directs the Division of State Planning and Community Affairs to delineate the State's critical environmental areas and recommend standards for the use and development of land within a protective zone around such areas. On May 8, the DSPCA requested the Central Virginia Planning District Commission to delineate the district's areas, suggest criteria for their evaluation, and recommend strategies for preservation.

William F. Ruska, Jr., and Rosemary Nichols of the staff's environmental planning section have devised a program of citizen participation that should ensure that the DSPCA plan, to be presented to the Governor and General Assembly no later than Dec. 1, 1972, accurately reflects local views. Requests for information on critical areas have been mailed to over 150 district citizens and 50 organization and agency presidents.

These three most recent employees replaced Joyce B. Kidd, Susan J. Ness and Eva Duff.

One of the three new employees is hired under the Emergency Employment Act of 1971. Brownie Picnic Held Saturday

Twenty-four out of thirty Brownies attended a picnic Saturday to mark the end of the year's Scouting activities for Troop 308. The big, big cake in the foreground (above) reads, "Have a Nice Summer, Brownies" and came as a gift from Kings, Dairy Queen, Appomattox donated cups and Hickory House, the ice for soft drinks. Chicken for the picnic baskets came from Pete Clark. Each Brownie had chicken and fixin's in an individual basket. Games and songs around a campfire helped to complete the afternoon at the Clark home. And, yes, true to Scout tradition, there were lessons in knot tying and fire building. Troop leaders are Mrs. Gail Flint and Mrs. Peggy Clark.

Lowe's... Your Household Word

There are lots of Household Words around these days: Phase II, Ecology, Vice President Agnew, Women's Lib, Lowe's . . . Lowe's? Yes, that's right—Lowe's! In fact we have some household words of our own at Lowe's. Like Lowe's Low Prices, and brand Name Retailer of the Year, Lowe's-It-Yourself home projects, and Personal Service for customers. Mix these with enthusiasm and the largest selection and inventory of household merchandise in town and you've got your real household word—Lowe's. And more and more people think "Lowe's" first when they need something for their home. Enough to make us one of the fastest growing companies in the nation.

Success has come through our simple business philosophy: offer the customers quality brand name merchandise at low prices, along with the services they want. In fact, "the customer is always right" is a popular business slogan. But for a lot of folks, that slogan means about as much as campaign promises. Maybe that's why you often feel you're not getting the service and respect your hard earned money deserves. At Lowe's we work hard to keep you from having those feelings. We want to deserve to remain your household word. The next time you shop for something for your home, we hope Lowe's can help make your decisions easier and your life a little better. Just remember Lowe's, your household word.
